Other things to know

- Double Black runs are ‘Out of Bounds’.
- All Myrtleford P-12 and St.Mary’s students are to be under the direct supervision of an adult at all time.
- During lessons, a parent helper must be in attendance in addition to the Instructor, in an area supervised by a teacher.
- Parent Helpers must ski with a member of their group in an area supervised by a teacher (eg. Heavenly Valley, Orchard, Australian Drift, Summit, Road Runner, Blue Ribbon, Village Playground). If you and your group decide to change areas, you must let the teacher of that area know that you are leaving and where you will be skiing.
- Primary aged students must ski with their parent at all times and may not attend as a MART participant on the day if their parent is not in attendance.
- If you own your own gear for skiing or snowboarding, please have it checked by a professional before the start of MART.
- You understand that your mobile phone number will be distributed to a small group of students, other parent helpers and school staff.

We appreciate the help of Parent Helpers and without you this program would not run. Our ratio for ‘free’ tickets is limited. If you accept a MART ticket for the day, you will be directly supervising a group of students for the entire day including during the lesson.

All parents are required to have a ‘Working with Children’ check. This can be organised through the Post Office and there is no charge for this application. Receipt of this application can be used as evidence until the card is provided.
